

Caoilfhionn III - Queen's Favor

The design, based on the previous favor design by Lady Violet Gray, is a mermaid modified from a pictish carving. A two-tailed mermaid holding a three pronged trident for Caoilfhionn's third reign. It can be created with embroidery, paint, silkscreen, or other techniques. It can be embellished with beads or other materials, and given features and details as the maker desires.

The background fabric color is dark Royal blue (DMC 796).

The design can be done in the following manners at the discretion of the artist (embroidery floss colors are guidelines, not requirements):

- As an outline
- As a filled design
- White mermaid with Gold (DMC 3852 or metallic) trident
- "Natural" colors akin to green (DMC 702) tail, brown (DMC 300) hair, beige-pink (DMC 543) skin, with gold (DMC 3852 or metallic) trident

If you have unused kits from Caoilfhionn's previous favors please feel free to use those materials.

- Overall dimensions:
 - Approximately 3.5" wide by 10" long with finished edges. Fold over about 3" and stitch down to make a belt loop.
 - Finished favor should be approximately 3.5" wide by 7" long including the belt loop.
- Each favor can be constructed as a single layer of fabric or as a more sturdy fully-backed piece. For single layers, cut fabric to 4.5" by 11" and do a narrow rolled hem on all 4 sides. Fully-backed favors can be two 4.5" by 11" pieces stitched together, turned right-side out and the opening stitched shut or one 8" by 11" piece can be stitched down the long side into a tube, flattened, stitched across the bottom, turned right-side out, and the opening stitched shut.

Completed favors can be given to the Favor Coordinator, Dona Anastasia da Monte or to any member of the Royal Staff, or they can be mailed to Anastasia:

Whitney Sternberg, 54 Shea Dr, Marlborough, MA, 01752

Her Majesty greatly appreciates your help in creating Her favors – Thank You!
